

Nitesh Kumar

Enthusiastic and detail-oriented Data Scientist with a strong foundation in statistics, data analysis, and machine learning. Proficient in Python, SQL, and data visualization tools. Experienced in working on academic and small-scale projects, with a focus on extracting actionable insights from data. Eager to apply skills to solve real-world problems and grow in a professional environment.

Project

Stock Price Prediction:

- Objective: Predict stock prices using historical data and sentiment analysis.
- Techniques: Time Series Analysis, LSTM, Sentiment Analysis.
- Data: Historical stock prices, news headlines, social media sentiment.

Image Classification:

- Objective: Classify images into categories using computer vision techniques.
- Techniques: Convolutional Neural Networks (CNNs).
- Data: Image datasets (e.g., CIFAR-10, ImageNet).

Customer Churn Prediction:

- Objective: Predict which customers are likely to leave a service using machine learning models.
- Techniques: Logistic Regression, Random Forest, Gradient Boosting.
- Data: Customer demographics, transaction history, usage patterns.

Educational Background

Master In Computer Application

Bennett University, Greater Noida
Aug 2023 - Aug 2025

- Specialization in Data Science.

Bachelor In Computer Application

Maharshi Dayanand University, Rohtak
Aug 2019 - Aug 2022

Skills

Technical Skills

- Excel
- Power BI
- SQL
- Data Science
- Machine Learning
- Data Mining
- Web Scraping
- Data Analysis
- Probability & Statistics
- Data visualization

Tools/Software

- Eclipse
- VS Code
- Jupiter
- IntelliJ IDEA
- MySQL Workbench

Languages

- C
- Java
- Python

Certification

- <https://github.com/NiteshKausik557/Certificate>
